SEL-2025-054: Reminder - Government Loans Now Permitted in eMortgage Expansion Program

December 2, 2025

- ☒ Correspondent Lending
- ☒ Housing Finance Agency (HFA)

Introduction

As a reminder and as originally communicated in SEL-2025-048, we are pleased to announce that effective **November 17, 2025, U.S. Bank now permits Government loans (FHA, VA, and USDA) as being eligible for purchase as a part of our eMortgage Expansion Program.**

This enhancement complements our existing offering which historically has included only Fannie Mae/Freddie Mac first mortgage loans. For lenders already approved by U.S. Bank for eMortgage, no additional items are required unless a warehouse line is being used that was not previously approved by U.S. Bank (refer to Post-Approval Maintenance for details).

Customary to eMortgages (a mortgage with an electronic promissory Note), our eMortgage offering provides U.S. Bank the ability to partner with our lenders in simplifying the overall closing process for your borrowers and providing additional flexibility in how you facilitate and originate business.

Please note that participating lenders must be MERS eRegistry approved.

Step 1: Your Participation and Required U.S. Bank Lender Approval

Option 1:

- If your organization **is approved** through the MERS eRegistry, please contact your Account Executive or our [Client Administration team](#) to request an application package.

Option 2:

- If your organization **is not approved** through the MERS eRegistry, please refer to the **Additional Resources** section of the last page of this announcement for more details.

Process Flow – Mortgage Companies and Financial Institutions

After completing an application package, please note the following process steps. Once an application package is completed, please return to:

- a. U.S. Bank Client Administration: CorrespondentClientAdmin@usbank.com
- b. Based on Seller/Lender type, U.S. Bank will review as follows:

Type	Process Flow
Mortgage Companies	Once the bailee agreement from your warehouse line(s) is received, U.S. Bank will review the content. Once approved, a fully executed bailee and all U.S. Bank forms must be received before testing an eNote can begin. Testing will be coordinated with the lender and the contacts from your warehouse line.
Financial Institutions	For financial institution or affiliates, U.S. Bank requires receipt of all U.S. Bank forms and wire instructions to proceed with eNote testing. Testing will be coordinated with the lender.

- c. Once testing is complete, U.S. Bank will set-up your eVault Vendor and your warehouse lines in our production environment and issue an approval. This approval will include the warehouse line(s) that have been successfully tested.
- d. 1180.4: Warehouse/Delegatee Information Form: For lenders with warehouse lines, U.S. Bank will reach out to your warehouse line to obtain the information contained in Form 1180.4. If you have new warehouse lines or if the warehouse line(s) that U.S. Bank approves changes or are modified, please reach out to your Account Executive or CorrespondentClientAdmin@usbank.com.

Post-Approval Maintenance

[U.S. Bank Client Administration](#) must be notified:

- If there are material modifications to your systems as is outlined in the U.S. Bank eMortgage Supplement to the Agreement.
- Of any change to vendor relationships post-approval.
- If you have new warehouse lines or if the warehouse line(s) that U.S. Bank approves, changes or are modified.

Annual Recertifications

- At the time of recertification, U.S. Bank may request that lenders provide an annual recertification confirming whether lenders have modified any of their eMortgage systems and processes and that their eMortgages comply with Investor requirements and applicable law.
